

STAGE CRAFT

Syllabus Spring 08

Teacher - Jeremy Baker / Phone 567-6600 ext.232 e-mail jbaker@irchs.org

Class Meets – Tuesday & Thursday 1:25 – 3:25

Course Description: This “hands on” class will introduce students to most areas of theatre production work including scenic, lighting, sound and properties design and construction. Students will work together to design, build and or implement all production needs for the VAPA Theatre program and the VAPA semester shows.

Things to Know!

Attendance: See School Policy.

I will mark you late at five minutes past the start of class time.

Habitual Late Comers Beware! - After four times you will be marked late if you are not in class by 10:10.

Classwork/Participation: Students will ALWAYS be required to wear proper clothing and follow safety procedures in every class. This class will be working with a variety of power tools and student safety is my greatest concern. No open toed shoes will be allowed when you are working with tools! I highly recommend you bring in a pair of shoes and old clothes to leave at the theatre. Students will be required to work together effectively in production teams. Each student will also be required to design one production element per semester.

Homework: Any written work assigned that is turned in late will loose one letter grade for each subsequent class period the work is not turned in.

Semester Performance: Each student will be required to participate in the VAPA semester performance in some capacity. The performance is scheduled for May

Clear your schedule NOW! **Missing any portion of rehearsals or performances you are scheduled for will result in a “0” for this portion of your final grade.*

Supplies: You will be required to bring the following to each class (this is part of your Participation/Class Work grade)

A separate notebook or binder section for this class.

A pencil or pen

Evaluation:

Class Work/Participation	30%
Tests	20%
Design Work	25%
Semester Performance	20%
Homework	5%
